## Section One

# ABOUT US

### 1. Profile of the College

Radha Govinda Baruah College was established on July 15, 1978 with the noble aim of spreading the light of knowledge in what was then a remote corner of Guwahati. The college was named after the "architect of modern Assam" *Xingha Purush* Radha Govinda Baruah, a person *nonpareil* in the annals of Assam, whose contributions in the field of media, culture and sports are second to none. Over the years the college has made rapid strides and is now a leading institution of higher education in the city offering many courses of study, with the ideals and values of the great personality whose name it proudly bears deeply embedded in its learning ecosystem.

In its initial years, the college functioned from a makeshift arrangement in Natun Fatasil Town High School with only a handful of students and teachers. The college shifted to its present campus in 1986 and was soon brought under the deficit grants-in-aid system of the Government of Assam in 1990. Along with other colleges of Assam, the Arts stream was also provincialised when the system was introduced by the Government of Assam in 2006. Subsequently, the Commerce stream was provincialised in 2013. The college is permanently affiliated to Gauhati University and is under the purview of Section 2 (F) and 12 (B) of the University Grants Commission Act 1956. The college was recently reaccredited by NAAC. At present, the college has 14 departments imparting quality education at the Higher Secondary and Undergraduate levels to more than 2000 students across a wide range of programmes.

The college can boast of having a committed team of experienced and young faculty whose role in giving shape to the life and career of the students cannot be stressed enough. With great passion and patience, the teachers have successfully drawn out the students'

latent talents and abilities. Students with poor to modest academic careers at the entry-level have shown marked improvement in their results at the undergraduate level. We ensure that their expectations are no longer just to pass examinations but to excel in them. Our students have gone on to realize their potential by working in various government and private organizations. Many have also excelled in the professional world by dint of their entrepreneurial spirit.

Besides academics, the inculcation of moral and social values among its students is another core thrust area of the college. Regular value-oriented programmes ensure that students of the institution also demonstrate social commitment and moral uprightness. Inclusiveness has always been in the foreground of the institution's plans for the future. The outcomes are conspicuous for everyone to see. Above all else, what stands R.G.Baruah College apart is its feeling of camaraderie that exists among the students, teachers and staff—on board together on an academic journey.

### 2. Vision of the College:

The vision of the college is to disseminate quality education to all students in an inclusive environment, and thereby help them realise their true potential and become responsible human beings serving society.

### 3. Mission of the College:

- To promote academic excellence among students and thereby set a new benchmark in the domain of higher education
- To produce graduates with all the attributes to face the demands of a competitive world
- To provide a congenial learning environment for all the stakeholders of the institution
- To provide learning resources and infrastructure to students at par with the best

- To introduce new programmes and courses of study in tune with the changing global demands
  - To fulfil social responsibility towards the local community in terms of educational, health and environmental concerns in conformity with the principles upon which the foundation of the institution was laid
  - To draw out the latent talents and abilities of students and to inculcate in them a passion for co-curricular and extra-curricular activities
  - To help students develop the soft skills necessary to excel in the professional world
  - To cultivate moral and human values among students, and thereby help them grow as morally upright individuals
  - To fulfil the objectives of National Education Policy (NEP) 2020 in letter and spirit by 2030
- 4. Goals and Objectives of the College:**
- To promote academic excellence taking the syllabus and the curriculum into consideration.
  - To produce both Arts & Commerce graduates of the highest standard to face the demands of a competitive world.
  - To draw out the latent talents and abilities of the students, to inculcate in them a passion for achievement.
  - To help the students develop skills of communication, self-study, self-analysis and to help them to realize their own potential and calibre.
  - To render academic and financial assistance to socially, economically, and academically disadvantaged students.
  - To guide the students to cultivate moral and social values, helping them to emerge as morally upright individuals thereby preventing erosion of values and virtues in society.
  - To arouse in the students a sense of social commitment by exposing them to real life situations, particularly in the backward and rural areas and to motivate them to render meaningful community welfare service.
- To encourage the students to participate in a variety of co-curricular activities leading to physical fitness, cultural enhancement and national integration.
  - To encourage innovative experiments in methods of teaching and evaluation.
  - To inspire and help the faculty of the institution to acquire knowledge through research activities and active participation in seminars leading to career development.
  - To promote congenial atmosphere in the college among the students and staff.

**5. The College Emblem:**

The college emblem, designed by Lt. Khagen Das, represents the perspectives and aspirations of the college portrays the swan in flight as its central figure. The Swan, the "Vahana" of the goddess Saraswati stands as the symbol of knowledge and its flight as the spreading of knowledge. The quill in its beak signifies the respect for traditional values and the veena on its back signifies the enhancement of the aesthetic qualities. The illuminated earthen lamp in the backdrop signifies enlightenment. The rays which comprise the boundary of the emblem signify the aspiration to spread knowledge in all directions.

**6. The Motto of the College :**

The motto of the college is "*Tamaso ma jyotirgamaya*". It is an invocation to lead us to light from darkness, to knowledge from ignorance, and to a wider perspective from a myopic outlook. It is in accordance with the aim of the college which is to provide quality education to the students, thereby enabling them to meet the changing demands of higher education in society.
